Run of show

When	You do	What to say / do
0:00	Welcome	<i>“A few emoji hide a movie, a saying, a place, or a dish. Pick the answer you think fits.”</i>
Each round (~50 s)	Say it, pause, reveal	Say the emoji out loud for anyone without video. Give a few seconds, then reveal. Read the one-line explanation.
After a popular wrong answer	Ask why	<i>“A lot of you picked this. What did you see?” The wrong answers are often funnier than the right one.</i>
After a few rounds	Call the leader	Name the current leader and keep it light so people near the bottom stay in.
After the last round	Finish Game	Read out the top three and thank everyone.

Facilitation tips

- Some emoji look slightly different on different devices. If a puzzle looks ambiguous on your screen, say so before the reveal.
- Puzzles avoid country flags, because some Windows computers show them as letters.
- Five rounds is a break; eight to ten is a social or offsite.
- Want emoji puzzles about workplace phrases? Use [Emoji Pictionary](#).
