Run of show

When	You do	What to say / do
0:00	**Welcome**	*“I will show an emoji combo. Pick the phrase you think it means.”*
Each round (~50 s)	**Show, pause, reveal**	Say the emoji out loud for anyone dialled in without video. Give people a few seconds to argue in the chat before you reveal.
After a popular wrong answer	**Ask why**	*“Interesting, a lot of you picked this. What did you see?” The wrong answers are often funnier than the right one.*
After the last round	**Finish Game**	Thank everyone and read out the top scores.

Facilitation tips

- Some emoji render slightly differently on different devices. If a puzzle looks ambiguous on your screen, mention it before the reveal.
- Five rounds for onboarding, up to eight for a social.
- Keep it work-friendly: the built-in puzzles use workplace and everyday themes.
- Only a minute or two? Use This or That instead.
